# MAGNETIC HEMATITE HEALING

*Este material actúa en nuestra sangre como conductor de campos magnéticos, ó **energía magnética**. El resultado es que mejora el flujo sanguíneo y por tanto **mejora la eficiencia de oxígeno y nutrientes a los tejidos***

This iron in our blood acts as a conductor of the magnetic fields, or magnetic energy, produced by the beautiful hematite bracelets. This purportedly improved blood flow which, in turn, increases the efficiency of oxygen and nutrient delivery to the tissues
